Nicolaus Vodka

STORY

A perfect blend of nature, purity and craftsmanship
that creates **Extra Fine Vodka.**

CORN

Grain - Corn

Carefully selected corn grains
from Slovak sunny
fields are the base...

DISTILLATION

Extra smooth spirit

...for the production
of the extra smooth
multiple distilled spirit.

WATER

Tatra mountains glacial water

NICOLAUS VODKA
uses water of glacial origin
from famous Tatra Mountains.
This water is extremely
soft enhancing the purity
of our vodka.

FILTRATION

Unique silver filtration

Careful filtration process
through 24 active CARBON FILTERS
and 24 SILVER FILTERS
makes our vodka even smoother
and gives extra fine quality.

FINAL ACHIEVEMENT

Vodka of extraordinary cleanliness
and smoothness, yet retaining
a distinct character with
genuine natural aroma and taste.

Extra Fine
SILVER FILTERED
